

# Connect the Dots Challenge

**Teacher's Appreciation Week is May 4-8th**—let's fill up Facebook with videos/messages thanking the teachers that connected the dots in our lives and in the process help support a great cause that is **connecting the dots** for the students of tomorrow in Cabell County!

**Take the challenge during the month of May.**

Post a video or message thanking a

**GREAT** teacher that helped you make the connections you needed to succeed! Thank a teacher that saw you when you felt invisible—thank a teacher that taught you to read when everyone believed you couldn't or thank a teacher for seeing through your bad behavior—whatever your story: **THANK A TEACHER!**

And please--after you complete your challenge, **pledge to donate** \$10 to **Cabell County Student Empowerment Team**, an organization that continually strives to help students and teachers connect-believe-and achieve. Make your donation online:
